## P. A. C. WIN FROM THE CATHOLIC UNION

### Losers Give Pitcher Very Poor Support--Locke Pitched Good Game for Champions.

The P. A. C. U. after apparently winning the game with the P. A. C. last evening in the first inning by scoring three runs, went up in the air in the third and allowed three runs after there had been a chance to retire the side and losing the game in the fourth when two more runs were scored.

Sperry Locke was in the box for the P. A. C. for the second time this week and while inclined to be wild,

allowing six passes, he pitched excellent ball after the first inning, and more than once pulled out of a bad place. In the second with the bases full and two strikes and three balls on Fredericks, he struck him out. Sperry field his position finely and kept the game lively with his enthusiasm. Sperry is a good ball player, who plays the game at all times for

(Continued on Page Three.)

## HAVE UNTIL SATURDAY TO RAISE MONEY FOR ROAD

### Committee of Citizens Have Nearly One-Half of the Required Sum Raised.

The citizens' committee appointed by the Mayor met at his office Wednesday evening and it developed that thirty-five subscribers had raised substantially three thousand dollars; this leaves forty-five hundred dollars that must be raised before Saturday noon if the railway to Greenland

Parade is saved.  
You must not wait to be called upon to contribute, time is too short, call on the Mayor or any of the committee by telephone or in person, no matter how much or how little you wish to put in and they will gladly put you down.

## THE RETIRING PRESIDENT IS HONORED

### Fred H. Ward Receives a Handsome Gift from Members of Country Club.

Fred H. Ward, the retiring president of the Portsmouth Country club has been presented by the members of the club with a valuable set of golf sticks, bag and golf balls as a token of the high esteem in which he is held by the fellow members of the club. The gift coming from such a highly esteemed source is highly treasured by Mr. Ward.

## MR. WOODCHUCK IS DISPATCHED

### Police Officer Murphy's Club Does the Trick.

Police Officer Murphy's club was used this morning for an unusual purpose. A large woodchuck, which while patrolling Congress street, noticed a large number of the pupils of the high school gathered in front of the Pettigrew residence on Basington street and on going to investigate found that a large woodchuck was the centre of attraction. The animal had taken refuge behind the iron fence and some stones and his head protruded slightly through the iron fence. A blow from the officer's club caused him to take refuge further back in the yard. The officer gave his club to James McCarthy, who sent the fence and dispatched Mr. Woodchuck.

Over 100 telephones have lately been put in at York Beach.

## JENNESS' WIFE AND CHILD IN POOR CIRCUMSTANCES

### Appeal to Superior Court to Make Appropriations From Fund for Their Support

That portion of Rockingham county that knows Ivan Jenness awaits the verdict in the supreme court case that centers about the spendthrift trust left him by his mother. The verdict will decide whether his guardian will be permitted to contribute from the interest and principal of the fund to his wife and child who are said to be in poor circumstances. Meanwhile Jenness is in parts unknown. He effected his escape from the state hospital to which he was committed after an alleged assault upon his family.

Upon the death of Mrs. Sarah B. Plummer who was Jenness' mother in her first marriage union her will set aside \$30,000 of the \$60,000 as a fund for her son. In settling the spendthrift trust upon her son she gave the trustee of the estate the power to give "any, all or not any" of the interest and principal to Ivan. The trustee was another son, Charles M. Jenness. Until his death the affairs relative to the trust were conducted without discord. When he died Patrick O'Loughlin of Boston was appointed trustee. Attorney Percy M. Gardner of Exeter was subsequently appointed guardian of Ivan.

During a period of dementia Ivan is alleged to have hurled a lamp at his wife and to have run amuck with a shot gun. He then was committed to the state hospital. Since his escape

from the state institution his whereabouts has been a mystery.

As his wife and child were without funds Attorney Gardner as guardian appealed to the superior court for an order upon the trustee to make appropriations from the fund in favor of the wife and child. Judge Robert C. Pike issued an order in compliance with Attorney Gardner's appeal. The case in equity was Gardner, guardian against O'Loughlin, trustee.

Page, Bartlett & Mitchell of this city counsel for the trustee and the "remainder men," who would eventually come into possession of the fund took exceptions to the superior court order on the ground that the position of the trustee was discretionary and that the order would relieve his power and also destroy the intent and purpose of the will. Attorney John L. Mitchell went to Concord Wednesday to argue the case before the supreme court.

Other supreme court cases of local interest are Sanford against Boss, Rowell against Sanborn and the town of Hampton against Dow and others. The first case concerns a right of way between the Boss and Sanford properties on the north side of Daniel street. The second case affects an account of long standing, and that of Hampton against Dow and others is relative to a sewer assessment made by the town.

## MASCOLI DIED AT 12.18 THIS MORNING

### Mrs. Cusumano Saved From Electric Chair and Doomed to Life Imprisonment.

Enrico Mascoli, better known as Harry Marshall, died in the electric chair at Charlestown state prison at 12.18 this morning for the murder of Frank Cusumano at Hull on or about Sept. 14, 1910.

Lena Cusumano, wife of the murdered man, who was sentenced with Marshall to die in the electric chair for participation in the murder of her husband, escaped because her sentence was commuted yesterday by the Governor and his Executive council to imprisonment for life.

She is the only woman who has ever occupied a death cell at the Charlestown prison. She was removed hours before Mascoli went to his death.

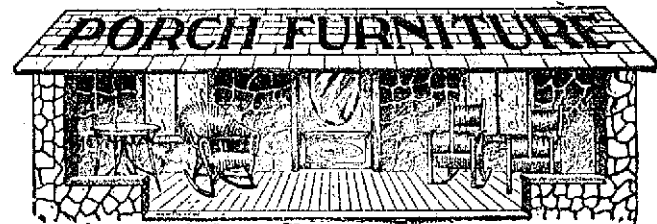

Mascoli or Marshall ate nothing during his last day and at 6 last evening when Rev. Fr. M. J. Murphy the Catholic chaplain of the prison, counseled him to prepare to die, he collapsed. Later in the evening he lay down on his cot and slept soundly.

Soon after midnight the witnesses went to the death house. A few moments later the prisoner was taken from his cell to the death chamber. Fr. Murphy and a prison guard escorted him. Four other guards strapped him into the chair.

The current, turned on by Edwin B. Currier, chief engineer of the Massachusetts General hospital, was of eight amperes, 1900 volts, and was continuous for 10 seconds. Then it was reduced gradually to 300 volts, held for 20 seconds, and then repeated. Mascoli was then pronounced "legally" dead.

## PORTSMOUTH GIRL WON

A mixed foursome at the Beaver Meadow Golf club, Concord, last Saturday was won by Miss Claire E. George of this city and Mr. Colton of Concord.

## Furniture For Outdoor Living

The porch takes the place to a large degree of the indoor living room, the library and even the bedroom during the heated half year.

Porch furniture is an item of much greater importance than it was a few years ago. People recognize more every year the importance of the summer outdoors.

We've recognized this important new demand more this year than ever before and have prepared a splendid exhibit of exceptional attractiveness.

Willow furniture is light and not affected by dampness. Crex furniture is water-proof. Reed furniture is splendid for porch service. Old Hickory furniture will stand ages of weather. See the display of Old Hickory furniture in our windows.

ident on Wednesday afternoon and is at the Portsmouth hospital in consequence of the same. The young lad was jumping over the fence near the Christian Shore bridge when he encountered a nail in one of the supports to the fence and his body was badly torn. He was removed to the Portsmouth hospital where Dr. Herbert Taylor attended him quite a number of stitches being required to close the wound. Today he is reported as being as comfortable as could be expected.

## THE WEATHER

WASHINGTON, June 5.—Forecast for Southern New England—Fair Thursday; Friday, probably showers; light to moderate variable winds.

LOCAL FORECAST—For Portsmouth and vicinity—Fair Thursday; Friday, unsettled, probably with showers, little change in temperature; moderate variable winds.

# CONSTITUTIONAL CONVENTION ORGANIZED

**Hon. Edwin Jones Chosen President**  
**--Other Officers Elected--Now**  
**Ready for Business.**

CONCORD, June 5.—The Hon. Edwin Jones of Manchester was unanimously elected president of the constitutional convention, which opened at the state house at 11 o'clock today. He was chosen by acclamation, upon motion of Judge Young of Laconia. In assuming the chair, after thanking the delegates for the honor shown him, Mr. Jones declared that the convention should proceed in the work before it with care, caution and thought, and by so doing their work would be more likely to receive the ratification of the people.

In a lively contest for secretary of the convention Allan Chester Clark of Concord was elected with a vote of 262, to 119 for Thomas H. Madigan, Jr., of Manchester, and 2 for Harry F. Lake of Concord.

A committee of 20 was appointed by the chair to select the other members of the convention, including an assistant secretary, sergeant-at-arms, three door-keepers, a yeoman and a stenographer. Clough of Canterbury is chairman of this committee, and Hillsborough county is represented by Warren of Manchester and Tolles of Nashua.

A committee on rules was appointed as follows: Wason of Nashua, George W. Fowler of Pembroke, Seaman of Exeter, Hurd of Dover, Madden of Keene, Dudley of Colebrook, Bailey of Littleton, Bean of Belmont, Gibson of Conway and Hurd of Claremont.

Madden filed a petition for Patrick Griffin of Walpole, contesting the seat

of Daniel W. Connor. A committee with Fuller of Exeter as chairman was appointed to decide upon the claims of the men. But one ballot separates them.

Daniel Hall of Dover called the convention to order this morning, and, upon motion of Whiteaker of Haverhill, Judge John M. Mitchell was unanimously chosen temporary chairman. Harrie M. Young of Manchester was chosen temporary clerk.

The members drew seats immediately after recess this afternoon. On motion of Judge Young, ex-Mayor Benjamin F. Drake of Laconia and Henry H. Van Vleet of Ward 8, Manchester, both of whom suffered from loss of eyesight, were given the privilege to pick their seats before the drawing was made, which allow them to pick seats on the aisle, which they can more easily reach.

President Jones was authorized to appoint three pages. The hours of the convention will be 10.30 a. m. to 2 p. m.

Considerable talk is heard of a possible adjournment of the convention after business has once started to allow the committees to hold hearings and get the business in shape for action. It is uncertain what will be done in this matter. As but one-fourth of the members will serve on committees of reference, 300 delegates wait while they perform their work, unless adjournment is made.

When roll was called today 333 delegates were found to be present and 19 absent. Wilson of Ward 2 was the only Manchester man absent.

## HAMPTON NEWS

Miss Ernestine Cole played at a end in Somersworth as the guest of Mrs. Edgely.

Miss Ernestine Cole played at a piano recital in Somersworth on Friday given by Miss Diekey.

Mrs. R. Leavitt has been entertaining her son Ames and family of Wollaston, Mass., over the holidays.

Miss Ruth Riley of Haverhill, Mass., was the guest of Mrs. C. S. Tappan last week.

Mr. Tuttle of Boston has leased it

"Whittier" taking charge of it June 1.

Mr. and Mrs. Charles Hubbell and Mr. Cannon were the guests of Mr. and Mrs. Lewis Perkins over Sunday.

The H. T. G. club and many friends of Mr. and Mrs. Charles Hubbell are sorry to have them leave town.

Mr. and Mrs. Lewis Perkins entertained Miss Woodbury of Lynn, Mass., last week.

Mrs. E. J. Batchelder and daughter have been the guests of Mr. C. G. Tappan.

Mr. and Mrs. George Carier and family of Salem, Mass., have been vis-

iting Mr. and Mrs. W. H. Carter at the beach.

Miss Minnie Arnold is visiting her cousin, Miss Seale.

Miss O. Hanson spent Sunday in town with her parents.

Mr. French and family were at their cottage at the beach Sunday.

The Lee cottage has been leased for the summer to Mr. Flynn.

Mr. Austin Lee and daughters Carrie and Minnie are to sail for Europe the middle of June.

Mr. Washington Godfrey has been spending a few days in town as the guest of his sister, Mrs. E. Berry.

Mr. T. D. Whitney of Boston has opened his cottage at the beach.

At the dancing school on Monday evening the Misses Hanson, Seale and Tappan served strawberry ice cream and cake to the young men for their kindness in running the school.

The high school closes on Friday and the rest of the schools in another week.

On Sunday the body of Mrs. Mary C. Chase, late of North Hampton, was brought here for burial. Mrs. Chase died at the Beverly hospital. She leaves one daughter.

Mr. and Mrs. Priest and son were the guests of Mr. and Mrs. O. H. Whittier on Sunday.

The Monday club was entertained by Mrs. Howard Lane on Monday.

Miss Dorothy Godfrey has been visiting her cousin Miss Ruth Leavitt. Miss Ruth Leavitt entertained the Bachelor club on Friday evening.

## MANY DAINTY DISHES

ALL SORTS OF GOOD THINGS TO SELECT FROM.

Hanoverian Steaks as the Principal Material for Dinner—Nut Brown Bread Almost as Good as Cake—Coffee Parfait.

Hanoverian steaks are little hamburger steaks, broiled and well seasoned. Over them is poured at serving time the following sauce: Brown in one tablespoon of butter one-half cup of finely chopped onion and cook five minutes. Add four tomatoes, cut in pieces, or one cup of canned tomato. Season with salt and pepper and add one-half teaspoon of sugar. Cook for ten minutes.

Nut brown bread is a delicious adjunct to the five o'clock tea, and is quite rich enough to be used in place of cake. It slices very thin and may be made into sandwiches with cream cheese. To make it, use two cups of sour milk, one-half cup of molasses in which has been dissolved one large teaspoon of soda; one-half cup of sugar, three cups of whole wheat flour, one teaspoon salt. Mix thoroughly and add one cup of walnut meats cut in small pieces, but not chopped, over which has been sprinkled one teaspoon of sifted flour. Pour into a bread pan and bake in a slow oven for one hour.

Sugared strips are made when making the rhubarb pie for dinner. Roll out the left-over paste, cut in two even pieces, spread one with jam, lay the other strip over, sprinkle with granulated sugar, cut in finger lengths and brown in a hot oven. The sugar will melt and caramelize. These are also nice with afternoon tea.

Coffee Parfait.—Boil one cup of water with one cup of sugar until it will spin a thread. Pour slowly over the stiffly beaten whites of three eggs, and when cold add one pint of cream, whipped stiff, one-half cup of very strong, black coffee and one-half teaspoon of vanilla. Put in a covered mold, pack in ice and salt and let stand for four hours.

White Nut Cake.—Cream together one-third cup of butter, one cup of sugar. Add one-half cup of sweet milk, two cups of flour, two teaspoons of baking powder. Beat thoroughly, then add one cup of walnut meats cut in small pieces and dusted with one teaspoon of flour, and at the last fold in the stiffly beaten whites of three eggs. Bake in a square pan in a slow oven for one hour. Cover with boiled icing and decorate with halves of walnut meats.

Risotto.—Parboil for ten minutes one cup of rice. Drain, blanch with water and let drain again. Put two tablespoons of butter in a frying pan, trim in the rice, add two tablespoons of chopped onion, one cup of thick tomatoes, one and one-half teaspoons of salt, a little paprika and two and one-half cups of water. Cover and let cook slowly until the rice is tender and the water absorbed. Take up on a hot serving dish, sprinkle over one-half cup of grated cheese, stir with fork and serve very hot.

Curried Eggs.—Hard boil three eggs. Make a white sauce of one tablespoon of butter, one of flour and one cup of milk. Stir till thick and smooth, add one-half teaspoon of salt and one-half teaspoon of curry powder. Cut the eggs in eighths and add to the sauce and pour over slices of toast.

## Cream of Asparagus Soup.

For this the canned article may be used. Drain the liquor into a sauce pan and save. Cut off the tips and save these, rub the stocks through a coarse sieve, heat the can liquor in a double boiler with three cups of milk, blend two tablespoons of flour with two tablespoons of cooking oil or butter and pour the heated milk upon it. Return to boiler and cook until smooth and creamy; add the asparagus pulp and heat again; then add the seasoning and the lime.

## SUNDAY SCHOOL CONVENTION AT NEWMARKET

The thirty-seventh annual convention of the Rockingham County Sunday School Association was held at the Congregational church at Newmarket on Wednesday, with a large attendance from all parts of the county.

The following was the program:

**Morning Session.**

9.40, Morning Devotion.

Conducted by Mr. John H. Scott, Newmarket.

9.55, Courtesies.

(1) Welcome, Rev. Win. Ramsden, Pastor of the entertaining church.

(2) Response, Rev. Bernard Christopher, President of County Association.

10.55, Report of Secretary-Treasurer.

Appointment of Committees.

10.15, Music.

10.20, Address, "Fishing."

Rev. Clyde F. Armstrong, Salem Depot.

10.45, Address, "Missions in the Sunday School."

Rev. Edwin B. Siles, Alton.

11.15, Music.

11.20, Question Box, Rev. R. M. Fuller.

General Secretary N. H. S. S. Association.

12.00, Adjournment for Dinner, vestry of Congregational church.

**Afternoon Session.**

1.30, Department Conferences.

(1) Elementary, led by Mrs. G. W. Hendrick, Supt. of Elementary Grade Work.

(2) Adult, led by Rev. B. M. Fuller.

2.00, Shall Rockingham County Association be Divided, Making Two Associations?

General Discussion opened by Mr. Fuller.

2.45, Business.

(1) Reports of Committees.

(2) Election of Officers.

(3) Offering.

3.05, Praise and Devotions.

Mrs. Geo. M. Robinson, Newmarket.

3.20, Address, Mrs. Hendricks.

3.45, Address, "I Must," Mr. Fuller.

Illustrated with blackboard.

4.10, Children's Half Hour.

A Children's Class, Taught by Mrs. Hendricks.

Adjournment.

**Evening Session.**

Especially for local constituency.

7.30, Praise and Devotions.

7.45, Address, "Efficiency in Sunday School Work."

Rev. Charles F. Robinson, Pastor Central Congregational Church, Derry.

## THE DARROW TRIAL

LOS ANGELES, Calif., June 5.—

That the prosecution merely desired to place in evidence the fact, alleged by it, that certain sums of money aggregating about \$200,000 had been sent to attorneys for the McNamara defense was stated today by W. J. Ford, assistant district attorney in discussing the placing on the stand of H. H. Plather, cashier of a Washington, D. C., bank. Mr. Ford said that the calling of Plather as a witness was not an attempt to incriminate others with Clarence Darrow, now on trial for the alleged bribery of a juror in the McNamara case.

Mr. Ford added that no attempt would be made by the prosecution to show that either President Samuel Gompers or Secretary Frank Morrison of the American Federation of Labor had any guilty knowledge of the alleged corruption of jurors and witnesses in the McNamara trial.

"It is unfortunate that the impression was created," continued Mr. Ford, "that we intended to cast any reflections upon Gompers. Mr. Morrison or any other high officials of the American Federation of Labor. In producing the ledger account of Morrison as custodian of the McNamara defense fund in Washington, we only intend to prove that large sums of money were withdrawn and sent to Mr. Darrow."

The effort to have the ledger's page, containing the defense fund account admitted as evidence was expected to be renewed when court met today.

Up to adjournment late yesterday, the attorneys for Darrow had succeeded in keeping it out.

The prosecution intimated that if its examination of cashier Plather was not further obstructed but little time would be required to conclude it and Franklin was expected to resume the stand before the noon recess today.

Farmers, mechanics, railroads, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

Read the Want Ad on Page 7.

## BEST KITCHEN FLOOR

SOUTHERN PINE HAS MUCH TO RECOMMEND IT.

Stained and Oiled This Wood Offers Surface That Wears Well and Is Kept Clean With Little Labor.

If you must have hardwood, avoid white ash, which splinters and turns gray. Maple has many admirers for its hard whiteness, but requires almost daily scrubbing to maintain that whiteness, and varnish wears off seemingly overnight. Red oak has a rich tone and withstands use without screaming for the daily scrubbing brush.

My own preference, says Maude E. Flynn in Farm and Home, is for southern pine, stained and oiled (never varnished), since the hard wear of a kitchen keeps it constantly scuffed, and varnish cannot be renewed in spots without having a patchy look. The only remedy is to remove it and apply a new coat, but varnish remover is both expensive and laborious to apply. Paint is open to similar objections, with the possible exception that it "patches" better.

Possibly the most permanent stain for pine is also one of the most inexpensive, consisting only of permanganate of potash. This can be purchased at any drug store, and needs only to be mixed with water, in the proportion of one-quarter ounce to a quart of water. Have floor thoroughly clean and dry and apply the mixture with a brush, freely and evenly. If a very dark shade is desired, make two applications, but the addition of the oil makes it dark enough for most tastes.

When thoroughly dry, oil with burnt linseed oil, heated, or an emulsion of beeswax and turpentine. The former is quicker to apply, needing simply two soft cloths, one to apply it, the other to wipe away the superfluous oil. The latter, however, gives a higher polish and may be rubbed to a beautiful luster. Either finish will repel grease spots.

In applying the permanganate of potash do not be alarmed if at first your floor takes on an undesirable magenta color; this will subside almost immediately, changing to a dark, rich brown, a genuine Havana stain, utterly impervious to water.

## To Stain White Kid Black.

Simple treatment with solution of iron sulphate or copperas will dye leather black. Acetate of iron may also be used with advantage. The leather might first be mordanted with a solution of logwood extract diluted with a little alcohol, applied several times till the deepest tint is obtained, also is a stain used for coloring white kid black. It should be applied with a brush, the kid held on a form to keep its shape, and the leather should be rubbed with a soft cloth while drying to soften the fibre. Any of these stains applied thoroughly to give the darkest tint will blacken light leather articles sufficiently to prolong their service, though, of course, failing to achieve results entirely like the new article.

## To Cleanse Feathers.

To clean feathers from their own animal oil, steep them in a bath of one gallon of water mixed with one pound of lime; stir the mass well to expose all evenly to the purifying agents, then pour off the water, and give the feathers several good rinsings in clear cold water. To clean feathers from dust or dirt simply wash them in a bath of hot soap-suds and rinse in hot water. To free them from any taint boil them in a loose porous case, using a little ammonia and dissolved soap in the water. Rinse freely in hot water and dry in a current of air in the sack in which they were cleansed.

## Marmalade.

One dozen oranges, two grape fruits, two lemons; slice fruit rind and all thin, picking out pips. To every pound of fruit allow three pints of water. Let stand twenty-four hours, then boil slowly till tender, and let stand another twenty-four hours. To every pound of fruit and syrup add 1½ pounds of sugar. Boil half hour, or until fruit is transparent and syrup jellies. Seal in jelly glasses. This will make about forty glasses. Some of us are at this time of the year getting low on our supply of jams and jellies. These make a fine substitute.

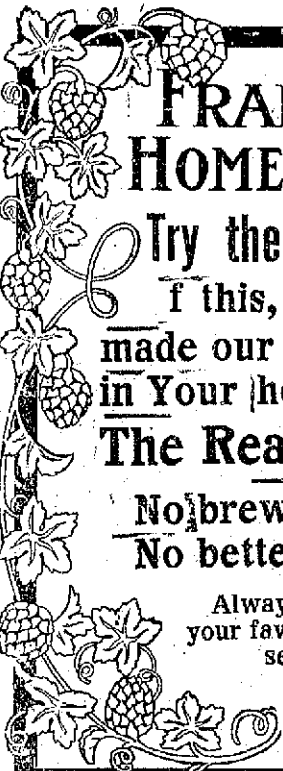

## Daisy Luncheon Meat.

Take any cold meat—you may use two kinds if you wish—and mince fine. Add enough good stock to moisten, and season to taste. You should have about three cups.

Take three hard-boiled eggs, place one endwise in the bottom of a mold and pack meat firmly around it until it is nearly covered; then place the next egg and pack the meat around, and so on until your mold is full. (I use a round mold). Be sure to place the eggs on end. Remove from the mold and cut in slices. The daisy will appear in the center.

## Mayonnaise Sandwiches.

Make a pliant mayonnaise, using plenty of red pepper and lemon juice in the seasoning. Spread on a bit of lettuce put between fresh gluten bread, trimmed of all crust. Only a little of the mayonnaise must be used, for it is likely to drip with the heat of the room.

## P. A. C. WIN FROM CATHOLIC UNION

Continued from Page One.

what it is worth.

Newick played a good game at first other than one error, making two difficult catches.

Hoffman pitched for the P. C. U., and although he is ordinarily a second baseman he pitched a good game with any kind of support would have won. He allowed but five hits and these were well scattered and some of them very scratch. One hit being credit was the result of a thick play on the part of M. Timmons who plays third. A pop fly almost in Hoffman's hands, when he run over and yelled that he had it, and then allowed it to strike the ground. Kabeika, who played second, was off his usual game and Fredericks, one of the best catchers in the league, made two bad throws.

The game in detail:  
First Inning.

The Catholic Union started off with three runs. W. Lynskey drew a pass, he was advanced to second by Hoffman's sacrifice hit, Locke to Newick. Kabeika drew a pass and Fredericks singled scoring W. Lynskey. Fredericks stole second and Goodwin singled scoring Kabeika. T. Lynskey had a sacrifice fly to Jewell and Fredericks scored. T. Timmons retired the side via the strike out line.

The P. A. C. secured two hits but failed to score. G. Woods opened with a single, Mattison struck out, Newick was out on a fly that Hoffman made a pretty catch of and Fisher advanced Woods on a single, but W. Woods retired the side with a fly to Tom Lynskey.

Score—P. C. U., 3; P. A. C., 0.

Second Inning.

Neither side scored. Mr. Timmons was thrown out at first by Locke. Hennessey was safe on Karlson's error. W. Lynskey drew a pass and Hoffman struck out. Kabeika was passed and this filled the bases, but Sperry was equal to the occasion and

## America Seems to Have the Olympic Pole Vault Cinched

GARDNER  
COPYRIGHT 1912 BY AMERICAN PRESS ASSOCIATION

NEW YORK, June 6.—There is one event on the Olympic program which America seems to have cinched, and that is the pole vault. There are at least a dozen men scattered around the country who can go over the bar at 12 feet 10 inches most any day, not

including R. A. Gardner of Yale, who created a new world's record of 13 feet one inch at the intercollegiate games in Philadelphia recently. With the would have the event cinched, as there latter alone in good shape America are few foreigners who can go over the bar around 12 feet.

struck out Fredericks.

The Champions only had three men up. Karlson struck out, but Fredericks dropped the ball and he was safe at first but he was nailed a minute later trying to steal second. Jew-

ell struck out and Locke was out Hoffman to T. Timmons.

Third Inning.

The P. C. U. got two men on in this inning. Goodwin was out on a fly that Newick made a pretty catch of. Tom Lynskey gave him another try but he dropped the ball. T. Timmons drove a grounder to Mattison, who had Lynskey at second, but Karlson dropped the ball. M. Timmons fanned and Hennessey followed by the same route.

The Champions tied the game in their half. Weare started the fire works with a long drive to center field, Goodwin, who was laying well out, got under the ball but muffed it, and Weare went to second. He went to third on G. Woods' hit and was out trying to score on Mattison's grounder to Hoffman. Mattison started to steal second but Fredericks' throw was bad and the ball rolled into deep center and Woods and Mattison scored. Goodwin's throw being over Fredericks' head. Newick was out on a fly to W. Lynskey. Fisher singled and Bill Woods pushed up a high fly that Hoffman was under but M. Timmons came running over from third and yelled that he had it. Result ball dropped in the diamond. Very boney. Karlson drove a grounder at Hennessey and it went through him to center field and Fisher scored. Jewell retired the side by striking out.

Score—P. C. U., 3; P. A. C., 0.

Fourth Inning.

There was nothing doing for the P. C. U. W. Lynskey fanned, Hoffman was out on a fly to Newick, Kabeika was safe on Karlson's error and Fredericks was out on a hit to Newick.

The P. A. C. won the game in their half with two runs. Locke singled and Weare singled into right field and the ball took a bad bound and rolled past Lynskey, and Weare was on third before the ball was back in the diamond, Locke scoring. G. Woods was out on a fly to W. Lynskey and Weare came home on the throw in. Mattison was thrown out by Hoffman and Newick singled but Fisher fanned.

Score—P. A. C., 5; P. C. U., 3.

Fifth Inning.

The P. C. U. did not have much of a show in the fifth. Goodwin was passed and T. Lynskey also drew a pass. T. Timmons gave Newick a fly that he made a pretty catch of, and then by a good throw got Goodwin at third. M. Timmons retired the side, Locke to Newick.

The double system of umpire was tried. Mr. Frank Bunker going on bases, but there was no improvement over the single umpire for two of his three decisions were subject to kicks.

The score:

No. 20 Congress street, Portsmouth, N. H. Open evenings until 8; Saturdays until 10. Tel. 484.

TENNIS TOURNAMENT.

A tennis tournament among the teachers of the schools is being played at the play grounds courts.

Swinehart (tres and Lowd makes the adjustments. A little higher than some, but there is a reason.

## THE ARKANSAS COMPLETES TRIAL

ROCKLAND, Me., June 5.—The standardization trial of the battleship Arkansas, which was interrupted yesterday for a few hours by trouble with one of the turbine engines was resumed today.

The world's greatest completed dreadnought left her anchorage at 9.40 a. m. intending to make three runs over the mile course at the rate of 20 1-2 knots an hour, her contract speed, and five runs at the highest speed attainable. These tests were in no wise interfered with by yesterday's accident to one of the turbines. They were expected to occupy about four hours, including the anchor test.

The builders minimized the importance of the accident on Sunday night, when the ship rubbed against a ledge while passing through Two Bush channel, 10 miles from Rockland Harbor, but reports continued to circulate that the accident would have been a serious one to a vessel with only one bottom.

All great modern warships have double bottoms minutely subdivided so that several of its compartments may be pierced into by a mine, a torpedo or by grounding without necessarily endangering the vessel's flotation power.

"Dunn's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

Swinehart, non-skid tires. Post-tively can't skid, at Lowd's.

For PORTSMOUTH and PORTSMOUTH'S INTERESTS

Thursday, June 6, 1912.

The Chicago Record Herald says how weary London and England must be of general strikes and labor crises! The great railroad strike was followed by the greater coal miners' strike, and no sooner was that grave difficulty settled than the walk-out of dock and transport workers was declared. Scarcity and famine again threaten the British capital, and the government is at its wits' end, while the public feels upheaval and "revolution."

The New York Tribune says the waiters are victims of the tipping system. They complain of the conditions of their employment, but those conditions are the result of the tipping system. Their employers pay them little because they are supposed to reap large rewards from the gratuities of the patrons. In their eagerness for the license to make what they can out of serving in dining rooms the waiters have put up with a system of fines which impresses the public as unjust, and often, if their complaints are true, with poor food and oppressive treatment. Meanwhile the tipping system has developed as to make the waiter a large dispenser of tips himself. The head waiter, captain, omnibus, a number of cooks and kitchen men all have to be tipped by the waiter. The more complex restaurant conditions become the more persons there are with whom the gratuity is to be divided. Moreover, the patron himself finds others in restaurants besides the waiter to tip directly. Doubtless this has some influence upon the size of tips to waiters.

Portsmouth has a traffic police officer. We'd like enormously to know what his duties are. Portsmouth's streets are never congested with vehicles of commerce, as it has been a slow town since the days before Thomas Bailey Aldrich embalmed it. We are also confident that the city's principal industry does not require additional surveillance on any stage of the celebrated producer's journey from the brewmaster to the man with a thirst. Concord Patriot.

The above paragraph is certainly amusing coming from a city that only shows any sign of life once in two years, when the legislature is in session and is dependent on the contingent from Manchester, Dover and this city to awaken it from its Rip Van Winkle sleep. Come down one Saturday afternoon, Bro. Gallagher and if one police officer is not sufficient to get you through the congested district another will be cheerfully placed at your disposal.

## BIRD'S EYE VIEWS.

It is said that 100,000 caddises are kept from Sunday school by golf, and the biblical expressions they hear on the links are not a satisfactory substitute.

Fact and truth together make the finest sort of court, and are good team-mates. Knowledge and understanding combine to make their possessor valuable.

One of Champ Clark's political enemies charges the speaker of the house with having one of the wisest faces and most irresponsible tongues that were ever given a man.

Evelyn Thaw insists that she is soon going back on to the stage. It seems as if the country was threatened with more than its share of the troubles of earth this year.

There is no safe and sane day for the novice who persists in undertaking the management of a canoe or a sailboat.

When stage folk are left to themselves to prepare a notice of frolic

the authors appear as actors and the actors appear as authors. The spirit of the amateur is ever persistent.

The primaries have not removed the uncertainty to such a degree as to put the political prophets out of business.

Fortunately for Dr. Wiley, recent official experiences have rendered him immune to vociferous discord.

National conventions take place at a time of year when attention is likely to be divided between the band wagon and the ice wagon.

Polite base ball is to be desired by both players and public.

The sweet girl graduate is permitted to tell the public what it needs without being suspected of any motives in rounding up delegates.

The Allens had a way of intimidating judges that gives their effacement the status of a great political reform.

## NOT MADE BY THE NAVY YARD LEAGUE

Portsmouth, N. H., June 5. Editor The Herald:

In reply to the article advising the officers of the Navy Yard league to slow up on the prison labor matter, I would say first, that the recent protest (L.H.S.) was not made by the Navy Yard league, and that said organization is not entitled to the credit or discredit in the matter.

Second, that Branch No. 2, located at 110yes, nor any other organization that I have knowledge of have ever taken any exception to the employment of the prisoners on work beautifying this yard and for which no appropriations could reasonably be expected and it has seemed to us that ample opportunity is afforded for fair employment of the unfortunate subjects of our naval prisons on work of that nature, without officers of our navy yard being required (perhaps against their ill, and by regulations, act. 109, over which they have no control) to assign prisoners and enlisted men to work justly and rightly belongs to the civil employees, and too, on work that estimates had been made on by yard departments, and reasonably expected to be performed by the regular force. Further, if the business or professional men and many members of the Board of Trade of this city had felt as this kicker who signs himself "one of the members" of the Navy Yard league, the Central Labor Union would not have been able to secure the signatures of hundreds of them, to a protest and remonstrance against the very conditions that the Carpenters and Joiners' union in conjunction with the Central Labor union are attempting to correct.

We have discovered after much effort, where the responsibility lies and shall hereafter endeavor to secure legislation against a further continuance of this injustice to the civil employees, and detriment to the business interests of our city, and up to date much progress has been made along that line.

The "one of the members" is evidently one of the many navy yard employees who are always satisfied with existing conditions and satisfied too to enjoy all the advantages gained by organized effort, without giving any aid or assistance to such organizations.

If the knocking member of the Navy Yard league is in good standing (which we very much doubt) will attend the regular meeting of the league, which will be held next Monday evening at 23 Congress street, we will be really glad to listen and act upon an advice he or his supporters may be pleased to offer.

ROBERT V. NOBLE, Sec. Branch No. 2, National League of Government Employees.

## PEOPLE'S OPINION.

The Coal Prices Do Not Suit Him

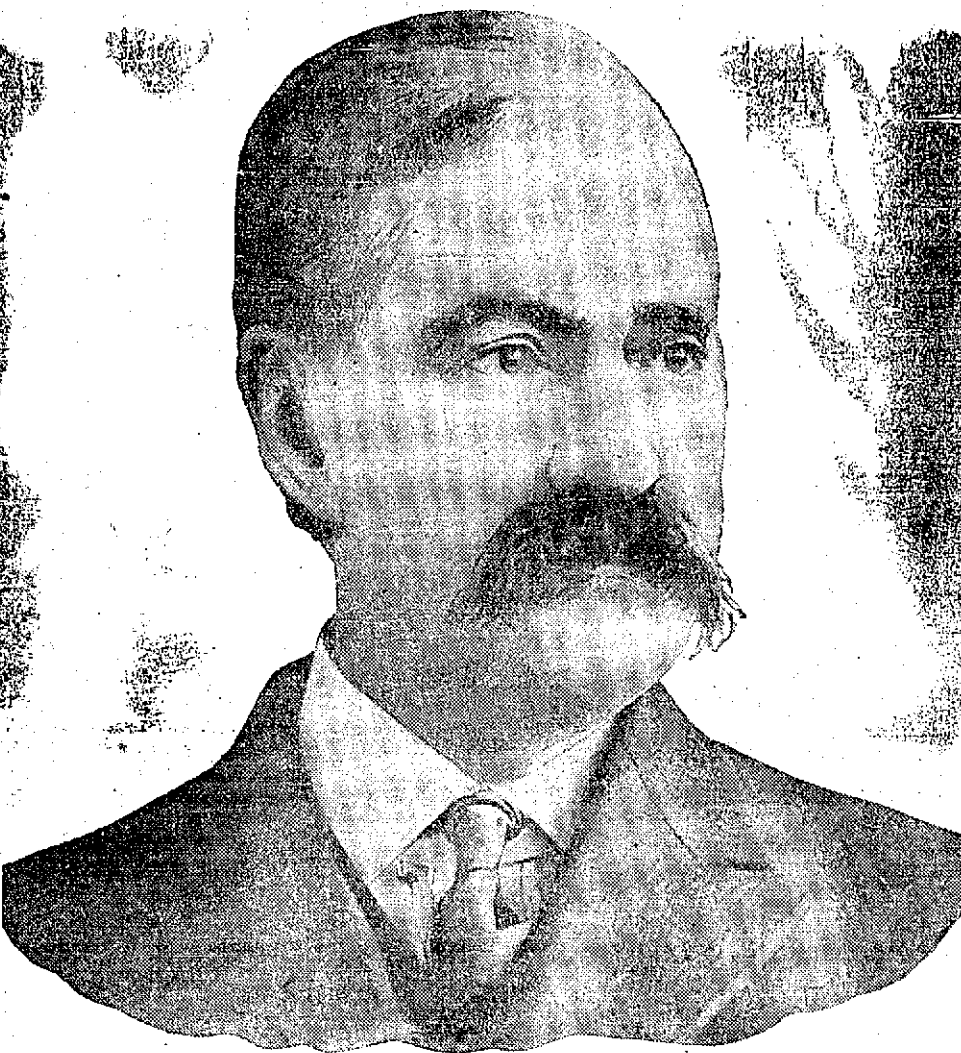

Editor Herald:  
The last report of the board of instruction published in the Herald of Wednesday should be read by every tax payer of the city, and the act which the board contemplates should by all means be made good.

I am speaking on the price of coal as quoted in the bids from the several dealers and I am pleased to see that the members did not award the contract for any such enormous price as offered by the local dealers. The idea of the board is a step in the right direction and it's about time for Portsmouth to awake up to the fact that the people are being robbed right and left by the coal dealers. "Make your purchase out of Portsmouth, gentlemen."

There are many firms in the neighborhood who will be glad to sell the coal at reasonable prices.

With a higher tax rate the people have about all they can stand for this year and the board is doing a wise thing in looking around for the man

## Senator Albert Baird Cummins, Candidate For the Republican Presidential Nomination.

Copyright by American Press Association.

Senator Albert Baird Cummins of Iowa, a candidate for the Republican presidential nomination, was born near Carmichaels, Pa., on Feb. 15, 1850. He was educated in the public schools, preparatory academy and was three years in Waynesburg (Pa.) college. The latter institution conferred the degrees M. A. and LL. D. upon him and Cornell college, Ia., that of LL. D. He was a member of the Republican national committee from 1888 to 1900 and governor of Iowa from January, 1902, until elected in November, 1903, to fill the United States senate vacancy caused by the death of Senator Allison. He was re-elected in January, 1909, for the full term, which will expire in 1915.

who does not want it all in the coal business.

I suggest that not a ton of coal be purchased by any departments of the city under such contract prices as offered by local firms.

It is certain that money can be saved by making the sale outside this city and it's up to the city council and others to make this saving when and where it can be done. The time has come when the coal dealers of Portsmouth should be held up on this gigantic steal as much as possible by the public.

Former School Board Member.

## CALLED AS WITNESSES

Two Mess Attendants Saw Native Use Knife

Two mess attendants of the United States cruiser North Carolina left the navy yard Wednesday for Texas where they will serve as government witnesses in the trial of a Texan who is indicted for the murder of a shipmate. When the ship was in southern waters the men were granted leave to a small town near Galveston. The three engaged in a crap shooting game with natives. An argument ensued and it is alleged a native unsheathed a knife and plunged it into the sailor, ripping him from his groin to the lower left rib.

## POLICE NOTICE

Notice is hereby given that all violations of the law regarding the speeding of automobiles, the use of the sidewalks by bicycles and the posting of advertisements on fences, trees and posts will be prosecuted without other notice to the offenders.

THOMAS ENTWISTLE, City Marshal

## ITEM WAS INCORRECT

The marriage record published in the Herald of Wednesday as shown by figures at the office of the city clerk should have read 32 in May, 1911, and 6 in May, 1912. The previous item made it appear that the record was for June of the two years.

## MEETING AT CONCORD

Capt. Josiah N. Jones, chairman of the state executive committee of the Veterans Association is in Concord today where the committee will arrange for the annual encampment of the veterans at the Weirs in August.

## WILL LOCATE IN THE WEST

H. Frank Gardner, who recently returned from a trip around the world, will later locate in San Francisco, where he will engage in the restaurant business. He expects to go to the west coast in the fall.

## AGED WALKER STOPS IN CITY ON WAY TO BANGOR

Blackwell Had Walked from Bristol, Tenn.

A visitor here on Wednesday was John Thomas Blackwell, 87 years old, who was on his way from Bristol, Tenn., to Bangor, Me., where he will pass the summer with his half brother, Doyle Montgomery.

In addition to being the oldest pedestrian that ever reached this city Blackwell is one of the most peculiar, as denoted by dress. His principal clothing is a heavy winter cap and overcoat of winter weight bound by a cord (an outer shirt of army texture and woolen trousers. His feet are covered by moccasins secured by bound by rope. Blackwell has no other covering for his feet in twenty-nine years. He found that the bags made traveling easier and caused less injury to his feet. During the hot weather of the past two days he opened his coat and shirt and as a result the cuticle covering of his breast is bleached from black to white and is adorned with numerous water blisters that cause the old man considerable suffering.

Blackwell was born 87 years ago in Manchester Va. He remained in slavery until the Civil war, but took no part in the conflict. He previously was sold for sums ranging from \$500 to \$1500, but he says now that his "old bulk" would not bring seventy-five cents.

Since he began travelling through the country he has touched every state and his migrations have brought him into various South American republics. He decided to walk, he says, in order that he might study nature and drink in the beauties of the country as an adjunct to an otherwise blighted education.

## RAILROAD NOTES

There is quite a rush in house freight at the local freight yard. Several new hands are breaking in for the summer work on the Portsmouth street railway.

The residents near Buckport station of the Boston and Maine have complained of the smoke nuisance from locomotives.

Four of the best locomotives of the Boston and Maine motive power

department will haul the Barnum & Bailey show from Manchester to Portland on Wednesday next.

The disposition of President Mellon of the Boston and Maine in connection with the Sullivan County railroad was taken in Boston on Wednesday by Henry F. Hollis Esq. of Concord.

A cottage for the accommodation of the help employed is being erected in Contoscook river park by the bridge and building crew of the Boston & Maine road.

## OBSEQUIES

Mrs. Albert B. Bristow.

The funeral of Mrs. Bristow, wife of Sergeant Albert B. Bristow, U. S. Marine corps, stationed at the Naval prison, navy yard, Portsmouth, was held at 3 o'clock p. m. Wednesday, June 5, 1912, and the following floral offerings were received from relatives and friends:

**SUFFRAGE NOTES.**

Byron says: "Love is with man a  
thing apart, 'tis woman's whole ex-  
istence." This is a fine poetical con-  
ception, and poetically true, but  
some people seem to think that poli-  
tics are with woman "a thing apart,"  
and that they are man's "whole ex-  
istence." With some men they un-  
doubtedly are. Perhaps that is why  
they have become so corrupt. But  
if the average man finds that the dis-  
charge of his political duties does  
not, as it undoubtedly does not, inter-  
fere in the slightest with the dis-  
charge of his domestic and business  
duties, what good reason is there for  
saying that the average woman can-  
not discharge the same duties, with-

out detriment to her home and do-  
mestic obligations? There is none.  
Any alleged reason is only a relic of  
the theory that in the scriptural al-  
legory of creation the perpetual in-  
feriority of woman to man was dis-  
closed and established; the theory  
which kept her for centuries in a  
state of slavery, and for other cen-  
turies in a condition of degrading in-  
equality before the law; shut the  
door of education and opportunity  
against her, until within the last cen-  
tury; wrote the word "obey" firmly  
and indelibly into her ancient mar-  
riage vows; and finally, having got  
God and most "male inhabitants"  
safely into the constitutions

**LITTLE CHILD RUN OVER  
BY AN AUTOMOBILE**

**Julia A. Garland, Four Years Old,  
Has Right Leg Broken and Has  
Narrow Escape From Death.**

Julia Amelia Garland, the four  
year old daughter of Mr. and Mrs.  
Albert H. Garland, of 27 Richmond  
street, was struck by an automobile  
Wednesday evening, driven by Frank  
Harvey, and owned by Hupol Brothers,  
and her right leg was broken,  
and the child had a narrow escape  
from being killed.

The little child was on the corner  
of State and Pleasant streets, when  
the automobile with a number of  
passengers on board came up State street.  
Accounts differ as to how the ac-  
cident happened. The occupants of the  
car claimed that as the machine came

around the corner the little child ran  
out, and she was struck by the rear  
fender of the car and hurled to one  
side. Another account was that the  
child was standing on the cross walk  
and the machine in passing struck  
her, and in falling one leg went under  
the wheel, at any rate the little child  
was badly injured, and was taken in-  
to the office of Dr. Higgins, where an  
examination revealed that the right  
leg was broken in two places near  
the ankle. The child was removed to  
its parents' home, where the fracture  
was reduced by Drs. Higgins and  
Towle.

**KITTERY LETTER**

**Breezy Items from Village  
Across the River**

KITTERY June 6.  
The regular monthly business  
meeting of the Christian Endeavor  
society will be held at the Second  
Christian church this evening at 7  
o'clock.

Mrs. Margaret Root of the Inter-  
vene has been ill the past few days.  
Kittery Grange will hold its regu-

lar meeting this evening at Grange  
hall. The third and fourth degrees  
will be conferred.

The regular monthly meeting of  
E. G. Parker Post, G. A. R., will be  
held this evening at Odd Fellows' hall.  
Chester Boulter left yesterday for  
a trip to Boston on other Massachusetts  
cities.

Mr. and Mrs. Charles C. Prescott  
on Tuesday moved their household  
effects to Pennacook, N. H., where  
they will make their home in the fu-  
ture.

The graduating exercises of the  
Kindergarten department of the Sec-  
ond Christian church will be held in  
connection with the Children's day  
exercises next Sunday evening.

Mrs. Laura Patch has been re-  
stricted to her home near Navy Yard  
Station the past few days by illness.

On Saturday evening, June 16, the  
annual of Trip Academy will have  
at dinner at Hotel Champernowne,  
Kittery Point. Up to date a large  
percentage of the graduates of Trip  
Academy have announced their in-  
tention of attending, and many others  
are expected to be heard from. It is  
also expected that nearly all the for-  
mer teachers will be able to be pres-  
ent, and the renewal of old acquaint-  
ances will make the evening one  
long to be remembered.

The Junior exhibition of Trip  
Academy occurs two weeks from to-  
night and the commencement exer-  
cises the day following.

Miss Anna Remick of Methuen is  
visiting relatives in town.

The little daughter of Mr. Fred  
Hatch is reported as being very ill.  
There will be a rehearsal of the  
Sunday school scholars in the vestry  
of the M. E. Church on Friday after-  
noon at 4.30 o'clock. A full atten-  
dance is desired.

There will be a rehearsal of the  
Children's Day exercises in the ves-  
try Friday afternoon directly after  
school. A full attendance of scholars  
taking part is desired.

The Phibes held a fairly success-  
ful strawberry festival last evening  
in the vestry of the Second Christian  
church.

Reginald Jones and sister of Bos-  
ton were in town on Wednesday to  
attend the funeral of a relative.

The children of the Second Chris-  
tian Church are requested to remain  
after Sunday school Sunday to attend  
a rehearsal of the Children's day ex-  
ercises.

The remains of J. Edwin Jones,  
who died in his home at Jamaica  
Plain, Mass., on Sunday, the 2nd inst.,  
were buried in the family lot in Or-  
chard Grove cemetery in Kittery on  
Wednesday afternoon. Mr. Jones  
was a native of Kittery and was the  
last survivor of a large and influen-  
tial family. His father and two

brothers-in-law were naval officers.  
His only brother, Dr. D. W. Jones, a  
former resident of Portsmouth, who  
died in Washington several years  
ago, was an assistant surgeon in the  
navy during the Civil war. He is  
survived by his wife and a daughter.  
Mr. Jones was educated at Harvard  
college and the Institute of Technol-  
ogy in Boston and for many years  
practiced his profession of civil en-  
gineer. As senior member of the  
firm of Jones & Mehan he was promi-  
nently identified with the construc-  
tion of the first subway in Boston.  
He was superintendent of streets in  
Boston under Mayor Hart and was  
universally respected and beloved by  
all who knew him. Medical Inspec-  
tor A. R. Wentworth, U. S. N., is his  
nephew and Mrs. A. S. Rundlett of  
Portsmouth his niece.

The funeral services of Mrs. May  
Bristow were held from her late  
home at the navy yard Wednesday  
afternoon. Rev. Charles W. Brine  
of Christ church, Portsmouth, officiat-  
ing. Burial was in the family lot in  
Orchard Grove cemetery. Mrs. Bris-  
tow was the daughter of Mrs. Mary  
Bridges of Otis avenue, who has ten-  
derly cared for her during the last  
few months of her illness.

Miss Alma Blaisdell of York was a  
visitor in town on Wednesday.

**The Herald Hears**

That not a few games are being  
thrown away in the Sunset League.

That Dover is grappling with the  
water supply for that city.

That frost is liable to hit the  
ground again before the Islington  
street repairs are started.

That the Board of Engineers have  
notified the Boston and Maine rail-  
road to remove that rubbish and the  
several fire traps near the Vaughan  
street crossing.

That the order cannot be complied  
with any too soon.

**HEARS**  
That there is some great water  
throwing by the hanatuh Eureka on  
the nights of practice.

That is some of these measure-  
ments come off while the crew are  
out for prize what a surprise the hero's  
would give the country.

**ELIOT HAPPENINGS**

Dr. Willmore Moore has arrived in  
town and it is stated that he will  
have the management of Green Acre  
inn this season.

Mr. Parquette, the evangelistic  
soloist of Berwick, was calling on  
friends here recently.

New ties are being laid in various  
places along the A. S. Line railway.  
Road Commissioner Albert W.  
Nowell has a force of men employed  
on Main street.

Mrs. Samuel Dixon was a visitor  
in Dover Monday.

The work of spraying orchards has  
been a feature in town this week.  
Alphonso Davis is passing several  
weeks in Springfield, Mass.

**NOW LIGHTED  
BY ELECTRICITY**

The Rockingham County Light and  
Power company completed the work  
of stretching their wires from Little  
Bear's Head to North Hampton on  
Wednesday and from now on their  
township will enjoy the advantage  
of electricity for lighting purposes.  
Mr. G. A. Butcher is the first to  
have electric lights installed in his  
home and several other citizens of  
North Hampton have signified their  
intention of having their homes  
lighted in this manner.

**SPECIAL FRIDAY AND SATUR-

**FARRINGTON—GOVE**

The marriage of Frank C. Farrington  
of Hampton Beach and Miss  
Helena A. Gove of Salisbury, Mass.,  
took place this Thursday morning at  
the Second Christian church parson-  
age. In Kittery the ceremony being  
performed by Rev. Arnaldo Natino.  
The groom gave his age as 23 and  
his occupation as cook. The bride  
she was a dressmaker.

"The Portsmouth" high and Somers-  
worth high baseball teams are sched-  
uled to play at the South playgrounds  
this afternoon if rain does not prevent  
the game. The Somersworth boys ar-  
rived here on the 1.30 o'clock train.

**KITTERY POINT**

**What Is Happening in the  
Harbor Town**

Rosecoe Anderson has moved his  
family into the house recently occu-  
pied by Luther Cotton.

The Hotel Parkfield opened for the  
season on Tuesday.

Frank Morse is breaking in as mot-  
orman on the Atlantic Shore R. R.  
Capt. Harry Handoff is confined to  
the house by illness.

Mrs. M. J. Honsberger of Newton,  
N. H., is visiting her mother, Mrs.  
Margaret Amee.

Capt. Thomas D. Gray made a busi-  
ness trip to Boston on Wednesday.

The five masted schooner George  
P. Hudson has sailed from Philadel-  
phia for this port.

Arrived, Scher. Prescott Palmer,  
Baltimore for Portsmouth.

Sailed, Scher. Subeum, Portland for  
Boston.

Earl Phillips is enjoying a vacation  
from his duties at the navy yard.

Mrs. Stephen Decatur was a visitor  
in Exeter on Tuesday.

Rev. Roger W. Churchill left on  
Wednesday to attend the yearly  
meeting of Free Baptist churches in  
Rochester, N. H.

A Children's Day concert will be  
held at the First Christian church on  
Sunday evening.

Charles Gerrish has taken a posi-  
tion in Canada as civil engineer.

Mr. and Mrs. Frank Carlson are  
entertaining their daughter from  
Concord, N. H.

Martin V. B. Williams is attending  
the yearly meeting of the Free Baptist  
churches in Rochester.

The town authorities have licensed  
but one junk dealer to prosecute his  
vocation in this place during the  
present year. The party thus dis-  
tinguished is Jacob Hoag of Port-  
smouth, long and favorably known  
hereabouts in his particular line of  
business. Since Jacob has stepped  
up and paid the price, it would seem  
but fair for him to have the treat-  
ment exclusively yet according to report,  
various other dealers still continue  
their visits to the town.

The Good Luck Whist club was  
pleasantly entertained on Wednesday  
by Mrs. Amos Amee. Prizes were  
won as follows: First, Mrs. Amos  
Amee; second, Mrs. Leroy Tobey;  
third, Mrs. Warren Johnson.

**LADIES' NIGHT.**

On Monday evening next the Bek-  
tash temple will hold a ladies' night  
and banquet at Concord. A theatre  
party will also be a feature of the  
entertainment with "Little Miss Fixit"  
as the attraction. A special train  
will take the local members of the  
temple and ladies from here at 12.10  
p. m.

# MARINES LANDED IN CUBA TO PROTECT PROPERTY

## To Have Headquarters at Guantanamo--Will Be Assigned to Plantations to Guard American Property.

CAIMANERA, Cuba, June 5.—Four hundred and fifty American marines, under command of Col. Lucas, were landed this morning at Desco Point, close to Caimanera, from which point they proceeded by train to Guantanamo City.

The announced purpose of the movement is to guard American property and not for intervention.

### SENDS FOUR BATTLESHIPS.

American Government Will Immediately Dispatch Warships to Cuban Waters.

WASHINGTON, June 5.—After a conference between President Taft and Secretary Knox at the White House today, it was announced that the Government would immediately dispatch four American battleships to Cuban waters.

The ships will be selected by the Navy Department at once. They probably will be ordered to Guantanamo, where American marines were landed today, but their field operations will not be confined to that port.

President Taft's decision to dispatch the squadron to Cuban waters was reached because of the need of precautionary measures, and not with any intent to intervene at this time. Another point brought out in the conference was the absence of satisfactory telegraphic communication with American vessels now near Cuba. The high power wireless apparatus on the battleships will make such communication with naval stations in the United States much quicker.

Senor Rivero, the Cuban Minister, who has just returned to his post from his country, was in conference with Gen. Wood, chief of staff, more

than a half hour this morning. He sought to minimize the situation and expressed the belief that his Government was fully capable of handling it. Senor Rivero insisted that all the sugar mills are running without molestation and that the Rebels are being confined to the hills, where they could not damage plantations.

Admiral Osterhaus, commander of the Atlantic Fleet, has been ordered to send one of his divisions to Guantanamo. The admiral is at Key West with the flagship Washington and the third and fourth divisions of the fleet.

The Georgia, Nebraska, New Jersey and Rhode Island make up the third division and the Minnesota, Mississippi, Missouri and Ohio make up the fourth.

It was stated at the Navy Department that another principal consideration in sending four battleships to Cuba was that the force of marines at Guantanamo would be largely increased. Each of the big ships carries a full quota of marines. It is not the intention of the Government to make a naval demonstration.

### PART OF PRAIRIE MARINES.

Men Have Been in Camp at U. S. Naval Station on Guantanamo Bay Since a Week Ago.

WASHINGTON, June 5.—The marines referred to in the Caimanera report are said here to be a portion of those in camp at the United States Naval Station on Guantanamo Bay, since the arrival there of the cruiser Prairie a week ago.

In response to repeated calls for protection from the planters, mostly Americans, between 400 and 500 of these marines have been sent to the city of Guantanamo, about 15 miles

## ISLANDS AS CABLE STATIONS

Small, Strips of Land in Pacific Inhabited by Chief of Port and Several Others.

San Francisco, Cal.—When a submarine cable breaks in mid-ocean, it would seem to one unfamiliar with such work that the location of the trouble would be a rather hopeless undertaking. This problem was recently presented to the Commercial Pacific Cable company, when its cable from San Francisco to China, Japan and the Philippines refused to operate. The question was very easily settled, however, by the use of delicate electrical instruments, which told that the trouble existed on the coral reefs

Happy Family Group.

which surround the two little Midway Islands. These islands are 3,303 miles from San Francisco and 4,237 miles from the Philippines, each consisting of a strip of land of only a few acres in area, one being known as Sand Island, or Western Island, and the other Eastern Island, the cable station being located on the former.

In laying a trans-oceanic cable, every possible precaution is taken to keep the line free from "trouble" and to this end the right of way, if we might apply such a term to the bottom of the sea, must contain no elements which will cause undue deterioration of the cable. In this instance, an unforeseen factor has arisen in the shape of a coral reef. The motion of the water swaying the great cable to and fro over the rough coral surface chafed the insulation and wires sufficiently to cause the break, the cost of repairing which will amount to approximately \$100,000.

The population of Sand Island, the home of the cable station, consists of 23 persons, namely, the superintendent of the cable company and his wife, one chief operator and his wife, a physician, cable operators and a few laborers, with two cows, two donkeys, and some poultry. There is no governor, no mayor; not even a constable. It is a law-abiding community and has no need of any machinery to enforce the law. At one time the United States had a few troops there, but they were withdrawn in the interest of economy, since their presence served no practical purpose.

Before the coming of the cable station, the island was totally uninhabited. As the result of turning loose two canary birds quite some time ago, the island now has a wild feathered family of over five hundred songsters.

## CENTRAL AMERICAN VISITORS

Elsa and Salvador Castillo, the children of the new minister from Nicaragua. They were born in Nicaragua and are spending their first winter away from home. They are attending one of Washington's exclusive private schools.

Girl Seeking \$10,000 for Breach of Promise Admits She Did Not Accept Sultor.

Kansas City, Mo.—An emphatic "yes" and not a smile or a mere nod of the head must be given by the maiden proposed to in order to cover damages for breach of promise to marry, according to a decision in the circuit court here. Edna M. Cooke of this city sued Garnett Sparks, 3786 Broadway, a horse and mule dealer, for \$10,000 damage, but her attorney withdrew the case when the evidence developed the fact that she had not said "yes" when Sparks proposed, but "took it for granted that he knew she would marry him."

### NOTICE

The New Castle bridge will be closed for repairs after June 5, '12. For order, RYB SELECTMEN.

## RATE HEARING IS RESUMED AT CONCORD

CONCORD, N. H., June 5.—General

Frank S. Streeter appeared at the rate hearing yesterday in behalf of the Boston & Maine Railroad for the purpose of answering certain questions which had previously been asked by counsel for the commission.

The questions which General Streeter was asked to explain grew out of the suggestion by counsel for the commission at an earlier hearing that the authority given by the legislature of 1889 to the Concord & Montreal to issue three million dollars capital to Concord stockholders for their property represented by one and one-half millions of capital, was improperly granted, with the intimation that the state had an interest in the Concord property and that it was important to see that the state did not give away one and one-half million dollars.

General Streeter reviewed the origin of the claim that the state had an interest in the Concord road and the history of its first presentation in the railroad fight of 1883 and the discussions during that session and the sessions of 1887 and 1889, explaining that the claim was first made, not by the state, but by rival lines who desired to prevent the legislation which would enable the Concord to consolidate with the Northern, B. C. & M. and Manchester & Lawrence, as was contemplated prior to the session of 1883. He reviewed the development of the railroad controversies growing out of the passage of the Colby bill and quoted at length from the arguments of Col. John H. George and former Senator Vadeleigh charging that the state had an interest in the Concord which it would lose if the Concord was allowed to consolidate; the argument of Hon. Daniel Barnard that the state had a right to purchase the Concord road under section 17 of the charter but if it elected to purchase would be required to pay between four and five millions of dollars. He reviewed the bitter and heated controversy of 1887, explained the relations of the roads and about the appointment of the special commission to investigate the subject, the hearings before that commission and their report to the legislature of 1889 and the final passage of the compromise bill which in effect authorized the union of the Concord and B. C. & M. roads and by express language of the act admitted the claim of the Concord stockholders that the value of their property exceeded three million dollars and in which the state had no interest.

General Streeter demonstrated from the records that if the four millions of capital in the new Concord & Montreal road had been issued to Concord stockholders in place of the three millions that was issued, no objection could have been made. He also explained in detail the Corbin offer for the state's interest in the Concord road made in 1887, 1889 and 1891. The last witness of the day was Warren C. Kendall, superintendent of transportation of the Boston & Maine. Mr. Kendall went into details as to the congestion of last spring, and said that it was largely due to the weather conditions. Since that time the situation has cleared and traffic is being handled in better shape than ever. He said that the railroad was badly in need, however, of increased facilities, one addition necessary to be made in the near future about at least 100 locomotives. During his testimony he brought out the fact that Boston & Maine trains according to statistics compiled in his department move on schedule time in 91 per cent of cases the record equalling that of all trains passing over the various lines throughout the state of New York.

### OLD HOME WEEK MEETING

The fourteenth annual meeting of the New Hampshire Old Home Week association will be held at the office of the State Board of Agriculture, State House, Concord, Wednesday evening, June 12, 1912, at 8 o'clock. President Frank W. Rollins will preside, and election of officers will be followed by a discussion of Old Home Week observance for 1912, which occurs on August 17-23 inclusive.

Rev. Ashley Day Leavitt of Concord will address the meeting, and other speakers are expected. All interested in the Old Home Week movement are invited to attend and participate in the exercises which mark the beginning of the Old Home week campaign for the present season.

The mutual friend who makes trips between Beverly and Oyster Bay will not be in evidence this summer.

### PLENTY OF PROOF

From People You Know—From Portsmouth Citizens.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Portsmouth, of people who can be seen at any time. Read the following case of it:

B. A. Berry, 147 Congress St., Portsmouth, N. H., says: Doan's Kidney Pills were used by a member of my family proved of great benefit. The person referred to suffered terribly from lame back and was often stiff and sore. Learning of Doan's Kidney Pills, a box was procured at Philbrick's pharmacy and their use begun. This remedy promptly disposed of the complaint.

The above statement was given July 19, and on June 20, 1911, Mr. Berry said: "I willingly confirm the public statement I gave six years ago recommending Doan's Kidney Pills. The cure this remedy effected has been permanent."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

## Cadillac Automobiles

### HIGH CARS AT MEDIUM PRICES

## LOCAL DASHES

Goodrich fires at Low's.  
Ideal weather the past two days.  
For anything in the motor cycle line ask Low of Portsmouth.  
Brown Island mackerel, cod, haddock and lobster delivered. Tel. 615. H. A. Clark & Co.  
Demand home-made bread of your local grocer, and in so doing help your city and its interests.  
The Ideal Club will give a whist and dancing party at Rye Town hall, Friday evening, June 7, 1912.  
The cleanest and best work, New Method Laundry, Commercial Wharf, 17th St.  
It began raining shortly before 1 o'clock this afternoon—something unusual.  
Live Lobsters, Butterfish, Halibut, Haddock, Mackerel, meats and provisions at E. S. Downs, 37 Market street.  
The regular meeting of the Portsmouth Yacht club will be held this Thursday evening at 8 o'clock when several applications will be acted upon.  
One car owner has a mileage of 12,000 miles on a Goodrich tire; another tire 10,000, and lives in Portsmouth. Ask Low about it.  
Ticket Agent Emerson S. Rogers of the Boston and Maine railroad station at Newburyport, Mass., is taking his annual vacation and will spend the summer months at his home in Kittery.  
Now is the time to have your lawn mowers sharpened and put in order. Umbrellas and carpet sweepers repaired at Horne's, Daniel street.  
Graves & Ramsdell this year add to the resorts under their efficient management. They opened the Casino and Ocean House at Hampton Beach, Capobele Lake Park, Pine Island Park at Manchester and Highland Park at Brockton, Mass., on Memorial day, and will open Cape Cottage Casino at Portland, Me., on June 15.

## PERSONAL ITEMS

Mrs. James Bohon of Blossom street, is passing a few days in Manchester.

Mrs. H. J. Crombie and three children, Thomas, Elizabeth and Charlotte of Manchester, are passing several weeks at York Beach, at the cottage of Mrs. Crombie's sister, Mrs. Daniel S. Kimball.

# SAFE AND SANE FOURTH OF JULY CELEBRATION

Every Man, Woman and Child is Urged to Do His Part Toward Such an Observance

Any community can save its children and its day from disaster by wise measures of a safe and sane fourth of July celebration.  
The great need is for leaders and united action. Get a few earnest men and women united and form a celebration committee.  
The co-operation of all those who so generously aided the cause last year is earnestly solicited.  
The element of instruction should also be considered in the plans for a day of such significance as July Fourth. It is highly fitting that the thought of the people should be turned in serious mood on the great deeds of our fathers and the present

duties of the sons.  
Fourth of July is a day dear to the hearts of children. Their pleasure and welfare should be first considered. Dangerous pastimes must be replaced by a celebration which shall stimulate their patriotism and which shall also be delightful to them.  
As there were no serious accidents, no loss of life and only one slight fire in our city, the celebration last year certainly was most gratifying and we should continue to safeguard our children in this way.  
Every man, woman and child in the city is urged to do his part in making July 4th, 1912, Portsmouth's Best Ever.

## ITEMS OF INTEREST TO EMPLOYEES AT THE NAVY YARD

**Sailors for the Parade**  
In order that delegations from each ship may participate in the military parade in Charlestown on the afternoon of June 17 the battleships Florida, Utah, North Dakota and Delaware of the first division of the Atlantic fleet will arrive at the navy yard Saturday, June 15, and will remain until after the 17th. In the absence of Rear Admiral Aaron Ward, who is commander of the division, Capt. William S. Benson of the Utah will act as senior officer. Orders received at the navy yard yesterday command each ship to be represented in the parade by a battalion of 300 seamen and 10 officers.  
**Shy For Operators.**  
The force of operators at the wireless station at the yard has been reduced from 5 to 3. The cut in the force certainly keeps the men pretty close to the key.  
**Changes Among Officers.**  
Lieut. Commander F. L. Pinney to navy yard, Washington, D. C.  
Lieutenant H. R. Stark, detached navy yard, Norfolk, Va.; to command the Lamson.  
Ensign H. M. Hitchcock, detached the San Francisco; treatment, Naval hospital, Norfolk, Va.  
Gunner R. O. Williams, to the Delaware.  
Gunner A. B. Dorsey, detached the Delaware; to the Wisconsin.  
Chief Machinist M. J. Cusey, to the Louisiana.  
Machinist J. D. Edwards, detached the Louisiana; home, wait orders.  
Paymaster's Clerk J. A. Rebenitsch, appointed to the Panther.  
**Vessel Movements.**  
The Chester has left Philadelphia for ice patrol duty.  
The Flusser and the Montgomery are at Newport.  
The Foote is at Charleston.  
The Abarenda has left Shanghai for Cavite.  
The Pennsylvania is at Bremen.  
The Mayflower is at Tiburon.  
The Nero is at Dutch Harbor.  
The Perry, the Fortune the A-3 and the A-5 have left Port San Luis or Santa Cruz.

**ONLY TO PASS THROUGH THIS CITY**  
If You Want to See the Big Show You Must Rise Early  
Barnum and Bailey's circus is coming but it is not going to stay but a short time. You can have a look at the big show if you can get up about 2:30 or 3 o'clock next Wednesday morning when it passes through this city from Manchester on its way to Portland. The first train is expected to leave Manchester about midnight. There will be four trains in all coming here over the Portsmouth branch of the southern division where it will be switched to the Eastern route of the Portland division. The show in four sections consists of fifteen sleeping cars, five box cars, forty-one flats, twenty-one stock cars making a total of eighty-two cars, the largest train ever moved over the railroad by management of the Barnum and Bailey shows.  
It is said that unless the local dealers come down on their price of coal, that all of the coal for the city departments along with the schools will be purchased outside the city.  
William T. Betton and daughter passed Wednesday in Boston.

## LOCAL CLUBS AND SOCIETIES CAN HELP CAUSE

Their Officers Should Help Raise Money Needed for Purchase of Road

The work of raising funds to purchase the Portsmouth and Exeter street railroad is progressing fairly well but the citizens committee appointed by Mayor Badger cannot accomplish the same without the hearty co-operation of our merchants and citizens in general.  
It has been suggested that the officers of the Warwick club, Ports. Athletic club and other secret orders can materially assist by soliciting funds among their members and taking one or more shares of stock in the project which is of great benefit to the people of this city and the surrounding towns.

## WORK STARTED ON NEW ALL STEEL MAIL CARS

Work has been started on 22 new all-steel mail cars for the New Haven and Boston & Maine railroads at the Laconia car shops. With the exception of the flooring and certain parts of the mail bag frame the entire cars are of steel, weighing 110,000 pounds.  
Some of these cars will be put into use on the Shore line mail train between Boston and New York.  
One car is used as a storage space for direct mail, done up in bags that are thrown off at the stations designated. Four other mail cars are used for sorting the mail.  
The maximum weight which one car will carry is 31,000 pounds of mail. Two cars take care of the papers and two of the letters. The cars are electrically lighted.

**FUNERAL NOTICE**  
Funeral services of Mrs. Helen M. Pike will be held at the home 25 Hawthorn street, Friday afternoon at 2:30. Friends invited.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

## AUCTION OF REALESTATE

## Store Alterations Now Completed

You're not so much interested as we are in the alterations and remodeling of our Store; we don't expect you to be.  
But it is an event of some importance to you because it means a better Store; and that means a greater opportunity for us to be of service to you.  
You may have been inconvenienced during our alteration work, but we've tried to make it as little inconvenience as possible. Now that it's over and done we're in better shape than ever to be of service to you.  
Hart, Schaffner & Marx Clothes, Stetson Hats, Manhattan Shirts are a few of the means by which we serve. When we sell such goods as these we are doing the best that can be done for you in your Outfitting. Come in and see the improvements.
